6.2 Remaining Degree Requirements

The following requirements remain outstanding for completion of the Bachelor of Science in Computer Science and Cognitive Systems (Double Major), as of the beginning of Spring 2025:

Computer Science major requirements: CS 598 Senior Capstone Project (4 credits, in progress Spring 2025); CS 570 Ethics in Computing (3 credits, enrolled Spring 2025); one upper-division CS elective (3 credits, enrolled Spring 2025 as CS 560 Advanced Topics in AI Security). Total remaining CS credits: 10.

Cognitive Systems major requirements: PSYC 596 Senior Thesis in Cognitive Systems (4 credits, in progress Spring 2025); one upper-division PSYC elective (3 credits, enrolled Spring 2025 as PSYC 530 Decision-Making and Behavioral Economics). Total remaining PSYC credits: 7.

General education requirements: All completed as of Fall 2024.

Total remaining credits: 17 (all enrolled Spring 2025). On track for graduation: May 2025 Commencement Ceremony.

6.3 Thesis and Capstone Summary

CS 598 Senior Capstone Project title (draft): "Security Evaluation Framework for Retrieval-Augmented Generation Systems in Institutional Deployments." Capstone supervisor: Prof. Dana Okonkwo, Department of Computer Science and Engineering. Capstone co-supervisor: Dr. Priya Subramaniam. Expected submission date: 25 April 2025. Current status: Research phase complete; writing in progress.

PSYC 596 Senior Thesis title: "Cognitive Load and Trust Calibration in Human-AI Interaction: A Dual-Process Perspective." Thesis supervisor: Prof. Angela Reyes, Department of Psychology and Cognitive Sciences. Expected submission date: 28 April 2025. Current status: Data collection complete; analysis in progress.
